In response to the recent attack by craven rebels on the federal garrison at Ft. Sumter, South Carolina - and the refusal of the state of Kentucky to pledge her loyalty to the Union - the Honorable Wm. Josiah Sutton III has organized the Bluegrass Brigade to fight to keep Kentucky in the Union as well as defend her and the rest of our great nation from possible attacks by the southern secessionists.

Kentuckians! Your country calls! Shall you stand by while our nation is torn asunder to serve the whims of the rebels? No! Shall you wait until the Southern army is at your doorstep, ready to rape and pillage your land and family? Never! Do you choose rebellion and treason, or the Constitution, the Union, and the Law?
